USE WILSON'S COMPLEXIONINE

FOR THE FACE.

THE MOST EXQUISITE

TOILET PREPARATION

IN THE WORLD.

Produces the loveliest, whitest, clearest Skin, making it as smooth as velvet. Unequaled and unrivaled for the toilet and the nursery. It is absolutely pure and exquisitely perfumed. Gentlemen will find Wilson's Complexionine the most perfect emollient after shaving.

Most women need a preparation to *Cure and Remove* Pimples, Spots, Redness and Roughness of the Skin, Wrinkles, Eczema, Black Heads, and Blemishes of all kinds.

SUNBURN, TAN AND FRECKLES.

No woman can endure these without a feeling of mortification. Our climate and mode of living make a remedy for that purpose a necessity. There is none equal to Wilson's Complexionine, and so effectual and harmless. It contains nothing injurious (no poisons, arsenic, bismuth, etc.), and could be eaten with perfect safety. Refuse substitutes, and insist upon getting the genuine. If your druggist or dealer in toilet goods has not got it, send direct to the manufacturers, and they will send in plain, securely sealed wrapper, on receipt of price.

\$1.00 PER JAR.

COMPLEXIONINE CO., BOSTON, MASS.

Gentlemen:—I take pleasure in being one to testify to the merits of Complexionine. It is, without doubt, the most exquisite and luxurious preparation I have used.

MISS BESSIE CLEVELAND,

PREFACE.

ACCORDING to a noted essayist, "All celebrated clubs were founded upon eating and drinking, which are points where most men agree; and in which the learned and the illiterate, the dull and the bright, the philosopher and the buffoon can all of them bear a part." Whether this is or is not a fact in Europe — at which place the author quoted made his observations — we certainly do not agree with him as regards the clubs of Boston, as that unfortunate class of humanity termed "dull," "illiterate," and "buffoon" would be a *rara avis* among the members of our clubs. In fact an habitué of these social gatherings could say with Cicero, who frequented the *Confraternities* of his day, that, "The principal satisfaction received from such entertainment arose much less from the pleasures of the palate than from the opportunities thereby offered of enjoying excellent company and conversation."

The antiquity of these gatherings of wealthy and enterprising men dates back many centuries; for special proof of this fact we may refer to the polished Athenian who had beside their general *symposia*, friendly meetings, when everyone sent his own portion of the feast, bore a proportionate part of the expense, and gave a pledge at a fixed price.

The early clubs of Boston were considered a gathering of certain cliques, classes, or parties, with no pretence of being representative of the metropolitan life of the city. But this was to be expected of a place that from its settlement had pursued such conservative methods in its social, political, and business affairs; and only during the past decade has it been able to support a club in which no specially defined qualifications were necessary to entitle one to membership. This reserve in the society of the "Hub" was reflected in its clubs, making them possess an individuality of type easily identified. But the transformation of the city from a provincial to a metropolitan state, created a demand among her business men for clubs devoted to the masses; those having a liberal policy and in which any respectable person possessing the means and acceptable in the best sense of the word, would be welcome. Perhaps no evidence of the inner growth of this city is more striking than that shown by the erection of the elegant buildings designed for the several clubs.

We are fully convinced in issuing this volume that it will fill a vacancy in our local directories never before supplied; not that we claim originality, but improvement, as we believe this is the first successful effort to publish an accurate

list of membership of all the clubs in this city. These lists have been furnished by the officials of their respective clubs and are thoroughly reliable up to date of going to press.

The ladies and gentlemen who have assisted in this particular are our debtors; they have been most generous to us, and we have striven to be faithful to them, and have devoted our energies to the promotion of that object.

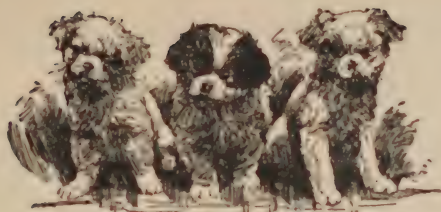

We owe our advertisers a hearty expression of our grateful appreciation of the good-will they have shown, and have tried to pay our indebtedness to them by the general excellence of our publication.

We must apologize for the delay in this issue owing to the many changes necessary in order to have it correct; but we feel confident our patrons will agree with us when we say that a few weeks' delay is preferable to the sacrifice of accuracy.

In our future issues we shall continue to serve our patrons as effectually as we can, and if our mutual relations are as amicable in succeeding issues, we shall be satisfied with the part we have taken in the "Clubs of Boston."

Resolves that Vanish in Smoke.

Most fickle month of JANUARY,

With thaws and snow and rain:

The broken vows and faithless words

That fill thy days, are vain,

And open cause for just complaint

That from such weak example

Man ever learns deceit and guile

Whereon our faith to trample.

JOHNSON'S
ANODYNE LINIMENT
ESTABLISHED 1810.

A Friend in Need.

But presto! change! another view

Is upon our vision dawning;

An angel bright that is true at night

As well as in the morning;

If soreness, colds, or croup, or "grip"

Your children's throats entwine,

'Tis January thaws that oft suggest

An old friend,—Johnson's Anodyne.

(*Liniment.*)

J. S. JOHNSON & CO., BOSTON, MASS.

FEBRUARY.

Our Valentine.

With snow piled high and cold intense, both old and young with joy immense,
The bookstores haunt for ideas new, in pictures strange, of brilliant hue,
With sentiment rare and quaint design; so this to you is our valentine,
With label red and wrapper blue, a good round bottle of Johnson's Anodyne.
(Linctus.)

Some Olden Time Predictions.

FEBRUARY, the shortest month of all the year, when storms after storms in succession appear,
And old people note whether wrong or right; "If Candlemas day is fair and bright,
And half of your coal and half of your hay is not in hand upon that day,
Winter will take another flight" and the "very old Nick" will be to pay.

Do not wait!!

“When slow disease, with all her host of pains,
Chills the warm tide which flows along the veins.”

If the disease be slow, don't wait for it to “chill the warm tide” in the veins, but lose no time in weighing the claims of Compound Oxygen, and, if convinced, as we feel confident that you will be, try it.

To aid you in arriving at a speedy conclusion, send for our treatise on Compound Oxygen, its history, discovery, nature, and results. Here you will find records of numerous chronic cases, hundreds of testimonials, and much interesting reading.

Compound Oxygen is only made and dispensed by Drs. Starkey & Palen, 1529 Arch St., Philadelphia. Any substance made elsewhere, or by others, and called Compound Oxygen, is spurious. Address

"Those Horrid Men."

Rough, windy, blustering MARCH is here,
When misses and ladies in veils appear,
For fear of moth-patch, freckles, tan,
Which always follow in thy van.
Oh gusty, fretful month of spring,
That to the sloppy crossings bring—
Paul Pry by scores in form of man,
While girls skip o'er them in a string.

EVERY MOTHER

Should Have It in The House.

She is Wise. It Prevents a cold.

"An ounce of prevention is worth pounds of cure,"
So runs the old adage, as often you've read;
March leaves many ills in her train to endure,
And to colds, coughs, pneumonia, has frequently led.
Many people have learned, others quickly assign
Where merit is shown, and promptly assign
As the foremost preventive of such ills, 'tis said,
That healing and worthy old Johnson's Anodyne.

(*Linnæum*.)

I. S. JOHNSON & CO., BOSTON, MASS.

"We've All Been There Before."
 "In the spring,"—to misquote Tennyson, cooing and billing like the turtle doves,
 Fickle young men's thoughts and fancies turn to courting a score of loves.
 Evading this one for Eve's fairer daughter, sitting beneath the damp arbor-vine,
 Strolling by "lovely" moon-lit water, they'll both have use for Johnson's Anodyne.
 (*Liniment.*)

 ANODYNE LINIMENT.**

**Could a Remedy

 Have Survived for Eighty Years?**

"When the Spring-time Comes."
 "Twixt marbles, kites, base-ball, the race, with APRIL's warmth come showers apace;
 And worse than all the medical "ad," some good, some ill, some mighty bad;
 While children frolic o'er the green, and early birds in the trees are seen,
 Nature proclaims that all seem glad that mother-earth is again green-clad.

THE McPHAIL PIANOS.

ESTABLISHED FORTY-SEVEN YEARS.
NEARLY 15,000 MANUFACTURED.
FULLY WARRANTED FOR EIGHT YEARS.

THESE PIANO-FORTES have always borne the reputation of being the most honestly-constructed Pianos in the market. There is not a REPUTABLE dealer who knows this make of Pianos who will not say it is a thoroughly good and reliable instrument.

It has always commanded a high price. It is to-day offered at figures not only lower than ever before, but positively lower than the SAME GRADE of Piano can be bought either in Boston or New York. If it is any object for you to test the truth of the above assertion, call at the Warerooms and be convinced that this statement is absolutely correct. You will not hear the Pianos of all other manufacturers run down, nor will you be shown some old instrument of some other make, purposely in bad tune, and deliberately left in poor condition, in order to make a CHEAP NEW Piano sound well ; but you can see one of these MCPHAIL Pianos taken to pieces, and have its good points as to material, workmanship, action, tone, regulation, etc., etc., practically demonstrated to you in such a way that you will KNOW that you are hearing the truth.

OLD PIANOS TAKEN IN EXCHANGE.
PIANOS SOLD ON EASY INSTALMENTS.

In Childhood's Happy Hour.

"For I'm to be Queen o' the May, mother!"
Says the song you've often heard,
In the days when we were young, brother,
And a thrill in our hearts it stirred.
In those olden days, the first of May
Brought pleasures as pure as pearls,
As we gaily tripped through the woody way,
Or dizzily danced with the girls.

JOHNSON'S
ANODYNE LINIMENT
ESTABLISHED 1810.

One Old Time Friend Left.

But now "Old Probi" has become the rage,
Our weather is made to the order
Of a man—no May queen: a frigid sage
Late returned from Greenland's border.
Now if Maying I go, in rheumatics I pay,
Or a lameness I cannot define,
And the only cure I find,—by the way—
Is our old friend, Johnson's Anodyne.

(Liniment.)

JUNE.

"It was the Cat."

A house cat sat in the window frame,
As June bug sailed at the speck of flame;
With his whirr and thud come a shriek and fall,
No one ever heard such a cat-a-waul;
For their bruises, scratches, wound or burn,
The lovers, like all, in unison turn,
And with one accord the palm assign
To that king of cures, — Johnson's Anodyne.
(Linctment.)

UNLIKE ANY OTHER

ORIGINATED
In 1810

By an Old Family Physician

For INTERNAL and EXTERNAL use.
THE OLD DOCTOR'S SIGNATURE,

W. Johnson

Is on Every Genuine
Bottle Label.

Soothing, Healing, Penetrating

"Where's the Bug? Turn up the
Light!"

A JUNE bug flying 'tween dusk and dawn,
Over the hedges across the lawn,

Espied two lovers near a feeble light,
So dim that he halted in his flight.

"Are the lovers poor, or not to be seen?"

Cogitated the June bug on the green;

"To that light so small for once I'll go,

Against my custom, as you all know."

NO. 592 WASHINGTON ST.,
BOSTON.

Boston Medical Association.

This Association was founded in 1806, for the purpose of protecting the regular medical profession, by the adoption and maintenance of a proper fee table, which has been modified in the succeeding years to conform to the increased cost of living. It is to-day the standard according to which charges are made throughout the city.

All fellows of the Massachusetts Medical Society residing in Boston are eligible to membership, and the admission fee is one dollar; and, under ordinary circumstances, no assessment is made, although provided for by the Constitution, should it be necessary.

An annual meeting is held each year in May, and in the interval the affairs of the Society are in the charge of an Executive Committee of Five Members.

ROBERT W. LOVETT, *Secretary*, 133 Boylston St.

MANHATTAN LIFE POLICY,

TRULY A "PERFECT PIANO."

SCHUBERT PIANO CO., of New York.

The Most Elegant in Design of Case, — Finest in Finish, — Stand in Tune Longer, — Have the Finest Action and Most Beautiful Singing Tone of any Upright Piano made. Read the following Testimonials and be convinced.

PROF. W. H. WAY, of Lowell, who represented the "Miller" pianos at the Centennial, the well-known pianist and teacher, says:—"I consider the 'SCHUBERT' piano superior to all other makes, particularly for its fine singing tone, its easy action, and elegant finish, and above all, for its wonderful capability for standing in tune. I recommend them to all my friends."

MR. D. H. SOUTHER, one of Boston's oldest and most respected piano tuners, with Vose & Son and Hallet & Cumston for thirty years, says:—"I recommend the 'SCHUBERT' piano above all others to my best and most intimate friends, as they stand in tune so well and have such a sweet bird-like upper part, and full, rich deep toned bass and middle octaves. They are as near perfection, it seems to me, as any piano can be made."

MISS EFFIE I. CANNING, the popular authoress of "Rock-a-bye Baby," "Tapping on the Panes," "Safely Rocked in Mother's Arms," "Sweet Eyes of Irish Blue," etc., says:—"I like my 'SCHUBERT' piano more and more every day, and would not be satisfied with any other make."

MR. I. H. WHITMAN, special tuner to Carlyle Petersilia, says:—"I find the 'SCHUBERT' pianos invariably giving good satisfaction wherever they are used. They have a beautiful action, rich mellow tone, and stand in tune unusually well." N. B.—Mr. Whitman is author of that most popular of all Schottisches, "Honey of the Southern Belles," and that beautiful little ballad entitled "Hiding from Papa."

PROF. EDWARD BAXTER FELTON, the noted pianist and composer, says:—"I like my 'SCHUBERT' piano more and more, and my pupils are delighted with its beautiful tone and action."

WM. MARK, who was head action regulator at Chickering's piano factory for eighteen years, says:—"I purchased a 'SCHUBERT' upright, Style 12, for my own family, and also for a friend of mine, and both have given the most complete satisfaction. The 'SCHUBERT' pianos are thoroughly made and regulated, and stand in tune wonderfully well."

JUDGE W. H. H. EMMONS (Judge of the Superior Court), No. 285 Meridian St., East Boston, says:—"Through the advice of my daughter's music teacher and Mr. D. H. Souther (the veteran piano tuner), I purchased one of the now celebrated 'SCHUBERT' upright pianos, and am satisfied I made no mistake in my selection, for the instrument has been a source of gratification to my family and musical friends ever since it came, and is more than satisfactory."

PROF. B. M. DAVIDSON, supervisor of manuscripts and arranger of music at White, Smith & Co.'s Music House, Boston, Mass., says:—"My 'SCHUBERT' upright, Style 11, that I purchased of you some time since, has proved all that you promised, and really more than I anticipated. I am in love with the tone and action, and it stands in tune better than any piano I ever owned. I recommend it to all my friends."

MR. CHAS. C. BOURNE, the expert tuner of this city, who is employed especially for such pianists as *Von Bulow, Carl Faelton, B. F. Lang, Ernst Perabo*; Symphony Orchestra, etc., says:—"I purchased for my own family use, a 'SCHUBERT' upright piano, Style 11, and am delighted with same in every way. Would not exchange it for any other make with which I am familiar."

MR. J. L. GILBERT, author of the popular songs "Old Red Cradle," "Bonnie Sweet Bessie," etc., says:—"I have used the 'SCHUBERT' pianos on many occasions, and always find them reliable. Many of my friends have purchased same, and are well satisfied."

MR. FRANK C. TURNER, Boston's popular fireman, author of "Fire Bells" Schottische, "Short Stop" Schottische, "Indian March," etc., writes:—"The 'SCHUBERT' piano I purchased of you has given the most perfect satisfaction in every way. I seldom play upon any piano for which I would be willing to exchange my 'SCHUBERT.' I recommend the 'SCHUBERT' pianos to all my friends and acquaintances."

MISS KATIE M. RUSSELL, teacher of music, No. 219 Tremont St., says:—"I like my 'SCHUBERT' piano better the more I use it, and my pupils are all delighted with its beautiful tone and action."

A Tonic

HORSFORD'S ACID PHOSPHATE.

Prepared according to the directions of Prof. E. N. HORSFORD.

This preparation is recommended by Physicians as a most excellent and agreeable tonic and appetizer. It nourishes and invigorates the tired brain and body, imparts renewed energy and vitality, and enlivens the functions.

DR. EPHRAIM BATEMAN, Cedarville, N. J., says:

"I have used it for several years, not only in my practice, but in my own individual case, and consider it under all circumstances one of the best nerve tonics that we possess. For mental exhaustion or overwork it gives renewed strength and vigor to the entire system."

Descriptive pamphlet sent free on application to

RUNAWAYS IMPOSSIBLE!

IS THIS POSSIBLE? YES, with the **AUTOMATIC SAFETY BIT**, any horse who ever starts to run away, be he vicious or running from fright, can be stopped without injury to horse or driver. **HARD-MOUTHED** or **PULLING** horses driven with ease. Your horse cannot run away with the Automatic Safety Bit.

SAFETY GUARANTEED.

You have a handsome horse, bright and spirited, that you would like to drive, but hesitate to do so as under certain conditions you feel you cannot stop him. With the Automatic Safety Bit you can drive him and stop him easily without the slightest injury or irritation to the horse. You have a handsome horse you would like to have your wife or daughter drive, but are afraid to do so, for they will not be able to control him. With the Automatic Safety Bit a just a fifteen year old girl can stop the most vicious horse without hurting the horse or in any way worrying or fretting him. The mechanism for stopping the horse does not act upon the bit proper, but through the outside of the bit on the nostrils, closing them and shutting off the horse's wind, and of necessity stopping him. **Absolute safety** from running away is guaranteed to anybody using these Bits. Simple in construction, easy on the horse and absolutely reliable. Circulars and testimonials will be sent you upon application to

BLUE! BLUE! BLUE!

Something New in Laundry Blue.

The Sky Bluing Book, a perfectly sedimentless ultramarine bluing—nothing like it; nothing equal to it. Put up in book form, each leaf making three gallons of bluing water. Three hogheads of splendid bluing water for 25 cents.

All **bottled** or **liquid** Bluings are **bad**, because of their **greenish** tint; and all **solid** or **ultramarine** Bluings (except the Sky Bluing Book) are **worse**, because they are absolutely and wholly **insoluble**, and hence throw down a sediment which spots, blurs, and muddles the clothes. But the **SKY BLUING BOOK** makes a Bluing which is of that most beautiful of all blue colors, the **ultramarine**, and being, at the same time, perfectly **soluble**, it does not settle or throw down the least particle of sediment. Nothing more can be desired. It is simply perfect. The **SKY BLUING BOOK** is, moreover, done up in the neatest, most convenient and captivating style of any Bluing in the market.

Give it a trial, it costs but a trifle to test it. When once used it will always be used. Madame Demorest, of 17 East 14th Street, N. Y., the world renowned publisher of fashions, writes:—"Gentlemen—I have had my laundress try nearly all bluings and have found that they either make a sediment which spots the clothes or give a greenish tinge; while yours is free from all objections. I consider it perfect, and just what we have all been looking for."

Price, large size (60 leaves), 25 cents; small size (20 leaves), 10 cents. Agents wanted everywhere. Samples mailed on receipt of price.

THE SKY BLUING BOOK MFG. CO.,

37 College Place, Room 3, N. Y.

A VALUABLE HOUSEHOLD IMPROVEMENT.

Something New In Laundry Blue.

Laundry bluing like all other articles of the domestic household has undergone a great change for the better. It is now being put up for the market in small books containing 20 and 60 leaves, and is sold for 10 cents and 25 cents respectively. Each leaf will make $3\frac{1}{2}$ gallons of the best bluing water imaginable, and is just sufficient for one ordinary family's week's washing. Every leaf can be readily cut or torn into small pieces so as to make from a cupful to a gallon or more of bluing water as required. The leaves are compressed together in compact form, similar to a modern writing pad, and are neatly put up and enclosed in tinfoil, and are thus rendered portable and adapted for all countries and climates, and ready for use at any time. The water is perfectly sedimentless and is warranted not to spot, blur or muddle the clothes as all ball and bottled bluings must, of necessity, do from the fact that they are wholly insoluble.

Ladies, learn what one of the best known of your own sex says of The Sky Bluing Book and then on her recommendation try it and be convinced. Madame Demorest, the world renowned publisher of fashions, writes to The Sky Bluing Book Manufacturing Co., of 37 College Place, N. Y. "Gentlemen:—I have had my laundress try nearly all bluings, and have found that they either make a sediment which spots the clothes or give a greenish tinge; while yours is free from all objections. I consider it perfect, and just what we have all been looking for." The Sky Bluing Book Manufacturing Co. wants agents to introduce this desirable bluing in every town throughout the world and wants representatives to send remittance for samples and secure territory.

IN THE SELECTION OF SO IMPORTANT AN ARTICLE IN THE HOUSEHOLD AS A PIANO, GREAT CARE SHOULD BE EXERCISED IN CHOOSING AN INSTRUMENT THAT HAS A PURE, MUSICAL TONE, AN EASY, EVEN, AND ELASTIC TOUCH, AND A CAPACITY FOR STANDING IN TUNE A LONG TIME.

THE HALLETT & CUMSTON PIANOS

EMBODY THESE ABSOLUTELY ESSENTIAL POINTS IN A HIGH DEGREE, AND A VISIT TO THEIR WAREROOMS, 200 TREMONT ST., WILL PROVE A GREAT TREAT FOR THE EYE AS WELL AS THE EAR, FOR THE CASES ARE AS ATTRACTIVE AND TASTY AS THE TONE IS RICH AND MUSICAL.

THE SPIRAL FLEXIBLE TOE CLIP

Is flexible and easy on the foot. Adjusts to any size of foot or pedal. Stands any amount of blows, kicks, or tramping on, and still retains its form. Will not catch on curbs, sidewalks, door sills, or obstructions and pull out of shape while wheel is being trundled over them. The only toe clip extant that permits of the correct adjustment of foot to pedal; not having a toe check it does not tend to pedalling with toes pointing downward, which position induces a strained and set condition of the muscles of the foot, ankle, and calf. One of the best, simplest, and most easily attached.

No more foul, greasy, and collapsed tool bags. No soiled hands or clothes. No loss of oil or one's temper. No dirty tool bags or oily tools. No weight, no delays to oil up. No loose tops, no rattle. No neglected or damaged bearings. No squeaking or pounding. Made in sizes suited to different machines. Pronounced by old wheelmen, the press, and the trade as the BEST novelty before the cycling public for '91. In ordering, state make of wheel and give diameter of seat rod or handle-bar shaft.

Price, mailed, 50c. With C. & D. Oiler, \$1.

NEW AND IMPORTANT BOOKS !

Cross and Crown;

OR THE

Sufferings and Triumphs of the Heroic Men and Women who were
persecuted for the

Religion of Jesus Christ.

BY JAMES MCCABE, JR.

WITH ILLUSTRATIONS ON STEEL BY SARTAIN AND ILLMAN.

"These are they which came out of great tribulation, and have washed their robes and made them white in the blood of the lamb."

The events presented in this volume are, in many respects, the most deeply interesting which history has ever recorded. Aside from their tragic character, and the thrilling and romantic incidents with which they were crowded, a higher interest is found in the moral element involved. There is no other book out that embraces such ready-selling qualities, or offers such rare inducements to intelligent agents.

THE HISTORY
OF THE
SHOE AND LEATHER INDUSTRY
OF
MASSACHUSETTS.

FROM 1630 TO 1892.

This Book Should be Read by Every Man
Doing Business in this State.

T has been a task of no little magnitude to gather all the facts from the various sources, and arrange them in an intelligent sequence. This, the author — MR. ARTHUR WELLINGTON BRAYLEY — has succeeded in doing most admirably, and given to the public a volume that, as an historical record, has a claim upon the antiquarian and the student of local institutions, while it is of especial value to all who take even a passing interest in the early struggle of those who have made the Bay State famous as a manufacturing centre.

Ladies will be both amused and surprised by the opening chapters, that treat of the evolution of men's and women's footwear from the earliest period to the reign of Charles II.

The book is printed on heavy calendered paper, in the best possible manner, and beautifully illustrated.

PRICE, Bound in full Morocco, \$6.00.

Hurrah! for the Fourth of July.

"How dear to my heart is that scene of my childhood,"
When Fourth of July comes booming to view;
My thoughts they are not of "the deep tangled wildwood,"
But crackers and cannon that make the air blue;
When returning at night I am still glad at heart,
Though my smile is most sickly, my nose all awry,
That in all the hubbub I've taken a part,
And can yet shout "Hurrah for the Fourth of July!"

EVERY MOTHER

Should Have It in The House.

"He's All Right."

With a powder-burned face and flesh that's laid bare,
Anxious mother and sisters I meet at the door;
They query in concert: "Are the pieces all there?"
When noting one finger had just "gone before"
As that fond mother quies bathing her wreck of July,
She feels in her heart no need to repine,
For sweet sleep is fast closing my one open eye,
And Johnson continues to make Anodyne.

(Lament.)

J. S. JOHNSON & CO., BOSTON, MASS.

Now Dog, it's Your Turn.

A deed so cruel well deserved the roll
 Their stomachs got from a melon they stole;
 They ate it all in their love for frolic,
 Not caring a fig for the cramps or colic;
 But hidden within that melon, it's plain,
 Was a twist and ache they'll ne'er risk again,
 Unless to the melon, with good, strong twine
 Is tied a large bottle of Johnson's Anodyne.
(Liniment.)

 ANODYNE LINIMENT.**

UNLIKE ANY OTHER.
 As much
 For INTERNAL as EXTERNAL use.
 Originated by an Old Family Physician in 1810
 Could a Remedy
WITHOUT REAL MERIT
 Have Survived for Eighty Years?

Every Dog has his Day.

During a hot August day a "yaller dog" sat
 Howling bow-wow! bow-wow!
 His tongue as long as the tail of a rat
 Kept howling bow-wow! bow-wow!
 Two gamins approach him with an old tin pail,
 Which they promptly tie to the poor dog's tail;
 As he bolts through the street a hue and cry,
 "Mad dog!" is mingled with his sharp ty! yi!

The Pittsburgh Lamp

Embodies three improvements in coal-oil lamps, either one of which is enough to give it the preference over every other lamp in the market. Those three improvements can be expressed in four words:

More Light,
Less Bother!

It is one of those inventions that seems to be finished in every detail. It seems to reach the end as to

goodness of light in every way, and ease of management. The only care it requires is filling and wiping.

Dirt falls out when the chimney is taken off, not into a pocket as in other central-draught lamps.

Putting in a new wick is a very easy matter indeed.

All this seems strange to one who knows how troublesome other good lamps are.

It is in all the good lamp stores.

Let us send you a primer that tells all about it.

Suppose He Believes It.
 SEPTEMBER first! Oh, joy intense,
 The law is off, and sports commence
 To seek the troutlets in the streams,
 Hunt bear and bison in their dreams,
 And, sitting by the camp-fire's flame,
 Spin yarns that put "Old Nick" to shame;
 Those tales so strange, so fishy-fied,
 Seem like mine used to when I lied.

JOHNSON'S ANODYNE LINIMENT
 ESTABLISHED 1810.

They All Want It.
 But, putting fiction to one side,
 When sportsmen in their haunts abide
 They go prepared for insect stings,
 For bruise or soreness camping brings,
 And for accidents I'd name a score,
 If it wasn't for being dubbed a bore;
 But always, with their gun and line,
 True sportsmen carry Johnson's Anodyne,
 (Liniment)

OCTOBER.

Will it Heal His Pants ?

But radiant maples, oak-tree, beech,
Charm not like apple, pear, or peach,
Those boys who never "care a rap"
For watchful farmer's dog or trap;
But if, perchance, dog, trap, or gun
Connect with them and spoil their fun,
Then, "A full moon following clear sunshine,"
Foretells coming use for Johnson's Anodyne.

OCTOBER comes, with crisp night air,
When hunter's moon, with radiance rare,
Vies in its brightness to outshine
The warm Indian summer sun divine.
Never did kingly robes of cardinal hue,
Or "lost-art" tints the ancients knew,
Bedeck with color a courtly train
Like that now spread o'er hill and plain.

\$12 IN BOOKS FOR \$1

A LIBRARY FOR ONLY \$1.00.

Entire Works of

Charles Dickens

In Twelve Large Volumes, Complete,
ONLY \$1.00.

CHARLES DICKENS was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular to-day than during his lifetime. They abound in wit, humor, pathos, masterly delineations of character, vivid descriptions of places and incidents, thrilling and skilfully wrought plots. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we live. The twelve volumes contain the following world-famous works, each one of which is published complete, unchanged, and absolutely unabridged:

David Copperfield, Martin Chuzzlewit, Nicholas Nickleby, Dombe & Son, Bleak House, Little Dorrit, Our Mutual Friend, Pickwick Papers, Barnaby Rudge and Christmas Stories, Oliver Twist and Great Expectations, The Old Curiosity Shop, and the Uncommercial Traveller, A Tale of Two Cities, Hard Times, and the Mystery of Edwin Drood.

The above are, without question, the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding, and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer a set of Dickens' works at a price which all can afford to pay. We will send the entire set of twelve volumes, as above described, all postage prepaid, upon receipt of **\$1.00**. Up to this time a set of Dickens' works have been \$10.00 or more. Tell your friends that they can get a set of Dickens' works, in twelve volumes, for only **\$1.00**. Address,

"Carpentry Made Easy,"

BY WILLIAM E. BELL.

A Book for Every Home, Only \$5.

Price by Mail or Express, prepaid upon receipt of \$5.00.

This is the Book that no Carpenter, Joiner, Mechanic, Workman, Masterworkman, Apprentice, Doctor, Lawyer, Clergyman, Teacher, Professor, or any person interested in the erection of a building of any kind, should be without. A careful perusal of it will save you many times its cost. It gives tables of measurement, describes proper pitch of roofs of all kinds, length, width, dimensions, etc.

It tells how to build barns, outhouses, dwellings, churches, schools, domes, spires, bridges, etc., with accurate and reliable tables, and gives estimates ready calculated that would otherwise be difficult to make.

It treats Geometry as applied to building, so it can be understood by apprentice, or master workman, or novice; how to calculate the capacity of water-tanks and cisterns; how to calculate the strength of timber of different kinds; gives length of common and hip rafters, octagonal roofs, length of braces, weight of square, flat and round iron, and weight and strength of timber.

It is a book that should be in every household. A practical builder says: "The beauty of the work is its plans and working details. I have not come across any book on the subject of Carpentry, no matter how costly, which, divested of its ornamentation, would leave so much plain, sensible information for every-day use as this one." It is practical and everything in it has been carefully tested.

“A good printer is the doctor of business. When business is good you need him to keep it healthy, and when it is poor you must have him to invigorate it.”

L. BARTA & CO.,
PRINTERS,
148 HIGH ST., BOSTON.

MANHATTAN LIFE POLICY,

INCONTESTABLE and
NON-FORFEITABLE.

Most Delightful Anticipation.

Is there reason for calling it "dreary NOVEMBER"
When I can look back and, with pleasure, remember
How, from North and South, from East and the West,
Gathered kindred and friends at the home we loved best,
To give thanks and partake of the bountiful board
My grandmother spread on the old homestead board?
"What moistens the lips and what gladdens the eye?"
What calls back the past like her rich pumpkin-pie?"

EVERY MOTHER

Should Have It In The House.

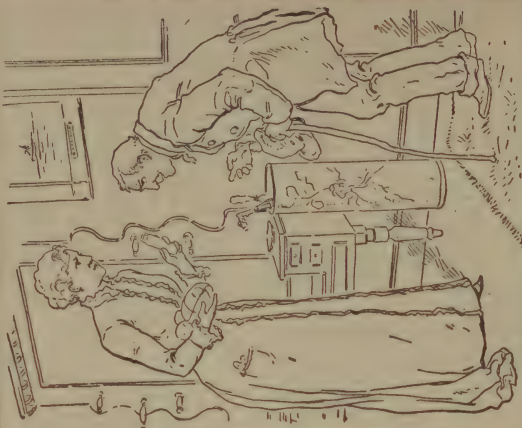

Grim Realization.

Ah, the misery that follows my huge dinner explains
Where the "dreary" comes in, as my stomach complains,
And my young dreams are troubled by goblin elf,
In form of mince-pie and turkey waltzing off from a shelf.
O! the pain that they bring from a strange, weird dance,
As from crown of the head to my stomach they prance,
Cause resolves, as I 'waken, that again when I dine,
I'll not sleep without taking Johnson's old Anodyne.

(*Linniment.*)

I. S. JOHNSON & CO., BOSTON, MASS.

Always a Welcome Gift.
 While your Christmas gifts bestowing,
 Please remember the sick and lame,
 And you'll help us, without knowing,
 To perpetuate a noble name,
 Which, for four-score years and longer,
 With Father Time has kept in line;
 Faith in it each year grows stronger,
 "Johnson's good old Anodyne."
(Liniment.)

I S. JOHNSON & CO., BOSTON, MASS.

JOHNSON'S ANODYNE LINIMENT.

UNLIKE ANY OTHER.
 As much
 For INTERNAL as EXTERNAL use.
 Originated by an Old Family Physician in 1810
 Could a Remedy
WITHOUT REAL MERIT
 Have Survived for Eighty Years?

A Merry Christmas to All.

Wintry blasts and snow remind us
 Fierce DECEMBER has come again,
 And the task which was assigned us
 Ends with this our last refrain.
 If dull care we've helped to banish
 While perusing our crude rhymes,
 Then please let not one thought vanish,
 Which we have suggested many times.
